

**Los Angeles City Attorneys Association
LACAA Group Grievance Petition**

I understand that LACAA has filed a Group Grievance with the Office of the City Attorney. The Group Grievance alleges that the furlough plan for the 2010-2011 fiscal violates the express terms of the Coalition Letter of Agreement as well as the obligation to pay certain salaries and maintain hours of work as set forth in the MOU. I support this Group Grievance and waive any right to file an individual grievance on the same subject matter.
